Dr. Boyd's Medical and Surgical Institute,
155 North Main street, Wichita, Kansas.

The Kansas State Medical and Surgical Institute and Sanitarium.
Incorporated and Chartered under and by virtue of the Laws of the State of Kansas.

Permanently established at Wichita, for the treatment of all Chronic, Nervous, Blood, Skin and Private Diseases, and performing all Surgical Operations.

Dr. J. H. Terrill, President of the Kansas State Medical and Surgical Institute and Sanitarium.—Dr. Terrill, who has just returned from Europe, where he has been for the past six weeks, taking another course in chronic diseases and private instructions in electricity. This is the third special course taken by the doctor within the last four years, and he is the only physician in the Southwest who has taken these courses in chronic diseases and electricity, and consequently the only one familiar with the latest scientific appliances and remedies. The doctor has brought with him from New York City the finest State Battery made, and has the satisfaction of knowing that there is not one like it west of Chicago. He has also brought back all the other improved batteries and electrical appliances, as well as all of the new surgical instruments and remedies, a great many of which are not to be found in any other office in the whole Southwest. The doctor has six different batteries altogether, each and every one the latest and best manufactured. A call at the doctor's office will convince the most skeptical that the above statement is correct.

Permanently splendid testimonials speak for itself:
"This is to certify that Dr. J. H. Terrill of Wichita, Kansas, has received from me a thorough course of instruction in Electro-Therapeutics. I believe him to be a very competent to use electricity in medicine intelligently and effectively."
—New York, September 25th, 1892.
—Dr. Rockwell in the joint author of "Beard & Rockwell's Treatise on the Medical and Surgical Uses of Electricity," etc.; also, formerly professor of Electro-Therapeutics at the New York Post Graduate Medical School and Hospital, and Electro-Therapist to the Woman's Hospital of the State of New York.

The above is a cut of the instrument used by Dr. Terrill in the examination for Catarrh and all Nose and Throat diseases. It enables the doctor to show the condition of the affected parts, and if needed treatment explaining its necessity. The doctor has the latest improved treatment, instruments and appliances. Instruments and medicine furnished for home treatment. A cure guaranteed in every case.

DISEASES OF WOMEN.—Dr. Terrill has made diseases of Women a specialty for the past twenty years, and has the latest instruments, batteries, electrical appliances, etc., or their successful treatment, including Fibroid Tumors, Leucorrhoea, Displacements, Enlargements, Prolapsus, Catarrhs, Etc., etc., of the Uterus, Ovary, Fallopian Tube, Vagina or Perineum, etc., etc.

NERVOUS DISEASES.—Dr. Terrill wishes to call the attention of those suffering from Nervous Diseases, Paralysis, Stuttering, Trembling, Spasms, etc., to the wonderful curative effects to be derived from Electricity when scientifically applied, and desires to state that he has reduced to power and vigor in every case, and positively guarantees a cure in the latest medical disease.

A SURE CURE.—destroying both mind and body, with all the dreaded diseases, pericarditis, etc., etc.

PAIN DISEASES.—All kinds of pains which others have failed to cure. Rheumatism, Neuralgia, and all kinds of pains. A cure in every case. No cutting. **RHEUMATISM.**—Positively cured by the aid of electricity.

FISTULAE.—All kinds of fistulae cured. The actual effects of early use which brings organic weakness.

UTERINE STRicture quickly and permanently cured by Electricity. No cutting no pain, recovery guaranteed.

ALL CHRONIC DISEASES successfully treated.

SYPHILIS.—That dreaded disease of mankind quickly and permanently cured by the new treatment without the tediousness of the old. Dr. Terrill's cure is a cure in every case. Specimens of his work are on file. First—Practical experience. Second—Every case is specially studied, the matter being. Third—Medicine is prepared in his laboratory exactly to suit each case.

The uniform success attendant upon the proper use of the both treatment in all well conducted Sanitariums has led the management to make simple and easy of access for this department. We give electrical baths, with Massage Treatment and Swedish Movement. Mrs. M. H. Baldwin, who is an expert, will have charge of the Ladies' Department.

Examination and consultation free. Correspondence will receive prompt attention.

THE DEACON SCANDAL.
PAID, Nov. 17.—The court of appeals today continued the proceedings in the appeal of Mrs. Deacon from the decision of the tribunals of the Seine awarding the custody of the Deacon children to the father. Maitre Cluget continued his argument for Mr. Deacon, rehearsing all the facts of Mrs. Deacon's liaison with Mr. Abelle as brought out in the former case, and demanding that the court sustain the decision of the tribunals of the Seine, directing that Mr. Deacon be given the custody of the children; that Mrs. Deacon be compelled to surrender the child she had abducted, and that the court impose a fine upon her in order to prevent her from further treating the court with contempt. The court reserved its decision until Tuesday.

Advocate General Raurey reviewed the case. He said that both Mr. and Mrs. Deacon had acted wrongly. Mrs. Deacon's adultery with Mr. Abelle had been amply proved, as had also the fact that Mr. Deacon was a man of violent temper. Mr. Deacon, he declared, had conspired with his wife's adultery with Abelle. The advocate general urged that in the pending divorce proceedings instituted by Mr. Deacon the court find a judgment annulling the decision placing the children in the custody of Mr. Deacon, and that the daughter now in possession of Mrs. Deacon be sent to a convent, where both Mr. Deacon and Mrs. Deacon could visit her.

Mrs. Deacon has steadfastly refused to give her side of the case until today, when her friends made what appeared to be an authoritative statement in her behalf. According to this statement Mr. Deacon treated his wife since the first week of their married life with brutality, which Mrs. Deacon says she endured, hoping by forbearance to subdue a temper that at times bordered on insanity. The statement gives a sample case of Deacon's brutality and says that less than a month after their marriage Deacon became furious at his wife because her mother had arranged to his taste and knocked her down.

THE TREASURY BALANCE.
WASHINGTON, Nov. 17.—The heavy pension payments this month (amounting to nearly \$13,000,000) and the unexpected falling off in Government receipts has reduced the cash balance in the treasury to \$27,600,000, nearly all of which is either in subsidiary silver, or on deposit with national banks. A still further decline is expected before the end of the month, but it will undoubtedly be checked very shortly by the natural increase in revenue. Secretary Foster said today that notwithstanding the recent unusually heavy drains on the treasury and the fact that the sugar bounty for the year will amount to nearly \$10,000,000, against \$7,000,000 for the previous year, he was confident that there would be no deficit in the national finances during the present fiscal year.

THE SENATORSHIP.

THE CANDIDACY OF MARY E. LEASE TAKEN SERIOUSLY.

The Lawyers Anxious to Have the Question of Eligibility Passed Upon by the Courts.

Grover Cleveland's Good Humor Disipated by the Self-Seeking Politicians Visitors During the Day.

The Position of the American Delegates to the Brussels Monetary Conference—The Democrats and the People's Party

Both Talking of Starting Daily Papers at the Kansas Capital—The Reform Press—General News Notes.

TOPEKA, Kan., Nov. 17.—The opinion exists here that stranger things might happen than the election of Mrs. Mary E. Lease as United States senator from Kansas.

In an interview today A. L. Williams, general attorney for the Union Pacific, said: "I know no reason why Mrs. Lease should not be senator. There is nothing to prevent it except the popular idea that a woman could be a man. I hope they will elect her. I am for her. She would keep them pretty busy if they sent her to Washington."

David Overmyer said: "I hardly know what would be done if she were elected. It would doubtless cause a contest, and my judgment is that the law would be construed to declare her ineligible. The kind was ever done before, and when the constitution was adopted it had never been thought of clearly then. It was generally intended that United States senators should be men. Mrs. Lease would make a good senator if she could be seated."

J. W. Ady, United States district attorney, said: "I don't care to give an opinion. The question would have to be settled on a contest, no doubt, and the result would be interesting. Other things being equal, Mrs. Lease is certainly entitled to the support of the people. She is the leader of them all."

Z. T. Hanson, judge-elect of this district, said: "I should like to see that question raised and decided. It would probably go to the supreme court and bring out a very important decision. As I think of it now, I don't see why she should not be a senator."

MR. CLEVELAND'S VISITORS.

NEW YORK, Nov. 17.—President-elect Cleveland had plenty of callers yesterday. Chairman Harry of the national Democratic committee had a long talk with him. Mr. Cleveland remained at home during the day. He is anxious to see everybody who calls on him, but at the same time the pressure for office is such that he shows signs of losing his temper. He does not like what his friends call "this eternal push, push, push."

Congressman Breckinridge of Kentucky called just at noon. He was with the president-elect half an hour or more. Soon after his departure Mr. Breckinridge of West Virginia called. He was at once ushered into Mr. Cleveland's presence and the two had a brief chat. Mr. Wilson is a member of the house of representatives and the two had a brief chat. Mr. Wilson is a member of the house of representatives and the two had a brief chat.

Edward H. Phelps of Vermont, who during the last Cleveland administration represented this country at the court of St. James, called late in the afternoon.

THE SILVER CONFERENCE.

LONDON, Nov. 17.—The Indian currency committee, which it was supposed was expediting its decision with the view of financing the international monetary conference which meets at Brussels on Tuesday next, adjourned today until the conference is over. This unexpected step is attributed to the desire of the committee to assist the British delegates to the conference in leading the discussion of their position on currency to India. Concerning the instructions of the American delegates, the representative of the Associated Press, gleaned from various well informed sources, learns that no binding proposals will be presented by them. A general statement advocating an international agreement will be made before the conference, and this will lead to a debate. The delegates anticipate that the result will be a report signed by the members adhering to their proposition for an international agreement. Doubtless dissenting reports will also be made.

MCKINLEY FULL OF FIGHT.

COLUMBUS, O., Nov. 17.—The state league of Republican clubs held a convention today to arrange for opening the campaign for the election of state officers and members of the legislature. Representative Republicans from all the congressional districts spoke in favor of nominating Major McKinley for governor and of making a more vigorous fight than ever on the issue of protection.

Governor McKinley was present by request, and was received with great enthusiasm. He said that he did not think that any cause that was just was ever lost. All that was to be done was to get ready for the next fight. All Republicans were full of courage, and they would continue to fight for the principles of their party.

At the conclusion of Governor McKinley's remarks a resolution was unanimously adopted, endorsing Governor McKinley and resolving to fight the state campaign on tariff lines.

RAUM'S SUCCESSOR.

HARTFORD, Conn., Nov. 17.—The Times-Hartford special says that it is announced with the utmost positiveness that President-elect Cleveland has decided to appoint Isaac H. Callin of Brooklyn, N. Y., commissioner of pensions.

OFFICIAL ORGANS.

TOPEKA, Kan., Nov. 17.—J. B. Chapman, editor of the Fort Scott Tribune, was in town today. It is said that he is about to start a daily Democratic paper. It is also reported that the Topeka Democrat is to be bought by the stalwart Democrats. There is further talk by the People's party leaders of starting a daily populist organ.

THE REFORM PRESS.

MEMPHIS, Tenn., Nov. 17.—The Reform Press association concluded its labors today. The features of the day were the appointment of a board to take charge of the preparation of political platform material for a future bureau, to act under the national organization of the Farmers' Alliance. The next meeting will be held in Washington on Feb. 22. There were 1,500 reform papers during the campaign, 700 of which will continue in existence.
